

Michel'angelo

A six minute walk from Gardens of Augustus.

Michel'angelo is a very warm and inviting restaurant, situated close to the center of town. The owner, Gianluca, and his wife Holly, are warm and friendly who will greet you as you walk in. The waitstaff are extremely attentive, and service is efficient. Menu options are mostly centered on seafood. The seafood risotto is plentiful and colorful. Calamari salad is tasty and well prepared. The mussels and clams are very fresh, and compliment your other dishes and wine perfectly. Excellent homemade pasta, perfect taste and texture. You can see the chef make the pasta from the other side of the glass. Swordfish is extremely fresh, and the flavors are brilliant. Mozzarella bar has a nice selection of fresh cheeses, along with the freshest tomato slices. The food and wine are fantastic, and reasonably priced for Capri. Be sure to make a reservation.
